

What is Dual Enrollment? The Dual Enrollment program allows eligible high school or home study students at the high school level to take college coursework at no cost. These students earn postsecondary credit hours and simultaneously meet their high school graduation or Home Study diploma completion requirements.

The Brenau University schedule and course offerings for the semester may be viewed via [CampusWEB](#). There is an option on that site to log in as a guest for non-Brenau students. Please be sure to check that the course(s) you are interested in taking are fully funded by GA FUTURES by using the following link: <https://www.gafutures.org/chechs/dualenrollment/DECourseDirectory>.
