Is Georgia a blue, red or purple state? How do we know? The 2022 battles for the governor's mansion and the U.S. Senate seat currently held by Raphael Warnock will be titanic struggles watched by the whole world. How those battles are resolved will go a long way toward answering many questions. Join Dr. Kerwin Swint, director of the School of Government and International Affairs at Kennesaw State University, as he addresses Georgia's changing politics.
